NEW FEDERAL POVERTY LEVEL 2013 - 2014

The attached 2013 Federal Poverty Level Chart shows the revised poverty level ceilings for most of the Medi-Cal percentage programs administered by the State of California Department of Health Care Services. These ceilings are derived from the annual Federal Poverty Level (FPL) figures published in the Federal Register on January 24, 2013.

The 2013 Federal Poverty Level Chart identifies the upper monthly income limits for the Medically Needy Programs where eligibility is based on the beneficiary's income up to 250% of the FPL. This information will help providers determine the governmental program for which a client is potentially eligible for based on their family income. For more information about Medi-Cal percentage programs, please visit the Los Angeles County Department of Public Social Services (DPSS) website at <http://www.ladpss.org>. The Prorated FPL Income Standard and Poverty Levels are effective April 1, 2013 through March 31, 2014.
